

MEMBERSHIP KEY TAGS AND CARDS

INCREASE THE CONNECTION WITH YOUR MEMBERS!

Boutique Marketing can supply you with key tags and plastic cards to accommodate all of your gym-membership and security requirements. The professional and eye-catching appearance of the key tags and cards make them not only functional but also impressive for all of your Members. We utilise a revolutionary flexible teslin plastic for our key tags, making it the perfect key tag material due to its strong nature: The teslin plastic eliminates snapping, cracking and print fading which is commonly associated with other key tags. Numerous features can be added to the key tags and cards including bar codes, numbers, signature panels along with your specific gym branding.

Do you expect your team to invite people they meet to become Members of your Gym? Do you expect your Personal Trainers to build their client base to help you grow your fitness business?

Team Networking Key Tags are the perfect marketing tool to ensure that an opportunity is never missed by your team members. When your team members are out and about, in clubs, cafes, meeting friends or making new friends, they now have a powerful marketing tool to capture an opportunity to recruit a new Member or Client: The business branded key tag they carry on their key ring features a one-time special offer to invite a person to your centre to experience your facilities or enjoy an exclusive discount on their first visit. The effect of this constant marketing and networking opportunity will result in more Team Members and Personal Trainers capturing your ideal target clients and a continuous building of your new client base.
